EVIDENCES OF HIS SUCCESS IN CURING

CATARRH,

And other Chronic Diseases that have Resisted the Ordinary Modes of Treatment.

Letter from E. P. Murdock, Esq., Editor of the San Jose Daily Patriot.

SAN FRANCISCO, CAL., NEW YEAR'S DAY, 1871.

DR. ABORN, San Jose—Dear Sir: I have felt that our business and social relations for the last ten months were of such a character as to warrant me in addressing you this testimonial of my esteem for you, professionally and socially. Your remarkable success in the treatment of my son, Frank, a youth just entering on manhood, who had been afflicted for some time with an obstinate catarrh and throat disease was but an additional proof of the distinguished reputation you had achieved in your profession before your advent to California, and disposed me to repose that reliance upon your scientific skill in the treatment of your specialties, which was so fully sustained by the success of our prescriptions in all cases under your treatment in the city and neighborhood.

Allow me, also, to express my thanks for the liberal and gentlemanly spirit you displayed in all of our business relations. As the proprietor of the San Jose *Daily Patriot*, I published for you many advertisements, all of which were promptly paid for, and in a manner peculiarly agreeable.

I do not know whether this letter will be of any use to you, but I have felt impelled to write it, as well as to assure you of my sincere esteem and cordial wishes for your happiness and prosperity.

Respectfully yours, etc.,

E. P. MURDOCK,

Editor and Proprietor *San Jose Daily Patriot.*

Letter from Wm. B. Lake, Esq.

SAN FRANCISCO, January 10, 1871.

DR. ABORN—Dear Sir: Permit me to add my testimony to the numerous public assurances you have received while here, of your skill and success in the treatment of those diseases which you make specialties in your practice.

My boy, now eleven years of age, had been seriously troubled for several years, with catarrh, which put under your treatment: when he was immediately relieved, and has been steadily improving ever since, until now he seems almost entirely recovered, and we feel we owe to your skill his rapid convalescence, and I assure you your name will ever be held in grateful remembrance by your young patient, and his parents and friends.

Yours respectfully, WM. B. LAKE,

No. 1028 Hyde Street, San Francisco.

LAW OFFICE OF H. P. & JAMES CLEMENT, No. 61 Exchange Building, SAN FRANCISCO, CAL., January 20, 1871.

DR. ABORN—Dear Sir: Understanding that you are about terminating your residence and practice in this city, I have thought that possibly you might be pleased to know that the little school girl, Mary Morris, whom you treated some months ago at my request, and who, you will remember, was nearly deaf and seriously afflicted with some bronchial trouble when she went to you, is now ENTIRELY CURED, both of deafness and bronchial affection, and desirous that she was virtually cured on her first visit to you. She and her parents are very grateful to you, and think that it is wholly due to your skill that her hearing and health are restored.

Yours truly, E. P. CLEMENT.

Card from Charles N. Fox, Esq.

(Office of Campbell, Fox & Campbell, Attorneys and Counselors at Law, No. 628 California street.)

SAN FRANCISCO, Feb. 12th, 1870.

Were it not for the good which I hope it may have done to suffering humanity, by informing them where they could find relief, I should regret having given Dr. Aborn my little testimonial of the 10th of January, for the demands made upon my time, in answering inquiries in regard to him, have been more numerous than profitable to my self and family.

To save the necessity for further personal application, let me say to those who care for my opinion, that time has only strengthened my first favorable opinion of Dr. Aborn, and my confidence in the permanency of the cure effected by him. All my difficulty arose from catarrh, which had become of a serious character, affecting the hearing and the throat, giving me at times acute pains, and at others rumbling sounds in the ears, frequent headaches, and so seriously affecting the bronchial tubes as to sometimes disable me from public speaking. It is also gone, and the change was produced, not by any species of charlatanism, as many suspect of the Doctor, but by the absurd practice of putting medicines into the stomach which was not affected, but by the skillful application of medicinal remedies directly to the parts which were diseased. I have found the Doctor a gentleman in his intercourse and business, and the judgment that I have formed of him professionally is, that he is a regular physician, thoroughly acquainted with the anatomy of the human body, and possessing a remarkable degree of skill in the treatment of those diseases which he makes his specialty.

CHAS. N. FOX.

Another Wonderful Cure of Asthma and Bronchitis, after all other Methods had Failed.

SAN JOSE, March 6, 1870.

This is to certify, that I have been afflicted for over three years with Asthma and Bronchitis, and had tried every means in my power to effect a cure, and was told by my family physician (an honest and good doctor) that I could not be cured; and I became so weak that I could scarcely walk up a flight of stairs, and I happened to see a card from Lawyer Houghton, stating that he was being treated by Dr. Aborn, No. 22 Kearny street, San Francisco, and was getting great relief, and I thought I would go and see the Doctor; but I had little hope of getting relief, as I was a cure. That was about the fifteenth of January, 1870, and to-day I claim to be a well man. I am fifty-nine years old. My mother and sister died with the same disease. I send this card, unsolicited, to Dr. Aborn, thinking that it might meet the eye of some of my acquaintances that might be suffering in the same way. J. W. HARDWICK.

DR. ABORN

Has WONDERFUL SUCCESS in curing CHRONIC DISEASES after the usual routine of the profession have failed, and the many testimonials in his possession from prominent and influential men who are well known will substantially prove.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations; his treatment is mild, and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual occupation.

DR. ABORN,

FROM SAN FRANCISCO,

Whose remarkable success in curing Chronic and Obstinate

DISEASES OF THE

EYE, EAR, HEAD THROAT AND CHEST,

That have for years resisted the ordinary modes of treatment, is so well known,

HAS ARRIVED IN

Portland, Oregon,

TO PRACTICE FOR A FEW WEEKS.

Rooms at the St. Charles Hotel.

OFFICE HOURS—9 A. M. to 4 P. M. and 7 to 8 P. M.

DR. ABORN

Has unprecedented success in the treatment and cure of DEAFNESS, DISCHARGES FROM THE EARS, BUZZING NOISES IN THE HEAD, CATARRH, ASTHMA, BRONCHITIS, and all THROAT, BRONCHIAL and LUNG AFFECTIONS. Also, all Diseases of the Eye, and Derangement of the Blood, Heart, Stomach, Liver and Nervous System.

DEBILITY.

All cases of Nervous or General Debility, Premature Decay, etc., are treated by DR. ABORN with such wonderful success that many cases, after a few weeks treatment, are scarce recognizable, such a change having been wrought in them as they have invariably in a short time gained from ten to thirty pounds in weight.

Convalescence and recovery are rapid under his new and scientific mode of treatment. But very few, if any men of his age in the profession have been so universally successful as DR. ABORN. Combining all his knowledge, skill, and experience in his special branch of the profession, all that the inventors of the age or the late discoveries of medical science have brought to the aid of the modern practitioner. DR. ABORN is prepared to treat with almost unfailing success all such cases as may come under his care. He has, within the past few years, introduced into his practice many new and important remedies, with novel and effectual modes of application, with which during his professional career, he has produced the most successful and satisfactory results.

DR. ABORN, for twelve years past, has devoted himself exclusively to office practice for the treatment of obstinate chronic diseases, especially such cases as have resisted all the ordinary modes of practice. He has thus been enabled to treat at least five times as many patients annually as he possibly could had he treated them at their residences. Thus, he claims twelve years office practice, exclusively devoted to special chronic diseases—more than equivalent to sixty years' experience in a general practice.

Every physician is more successful in a certain class of diseases than he others; and he who devotes his thoughts to a specialty is better prepared to treat it in that particular than one who is engaged in general practice.

NO PAINFUL OPERATIONS

DR. ABORN does not subject his patients to any painful or unpleasant operations, his treatment is mild and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

Wonderful Cure of Disease of the Eye. A Daughter of J. S. Carter, Grain Dealer.

SAN JOSE, May 30, 1870.

DR. ABORN—Dear Sir: I deem it my duty to make the following statement. For the past six years my daughter (now eight years old) has been afflicted with sore eyes, and frequently unable to read, or even to distinguish one object from another across the room. She is now perfectly cured, after having been treated by you for three weeks only. I would also state that all previous treatment had proved unsuccessful; also that the eye-lids were so affected that the lashes were falling out. Since, under your treatment, they have grown in perfectly natural, so that now her eyes are perfectly natural, bright, and of a healthy appearance. I consider it a remarkable cure, and am agreeably surprised at the result of your treatment, as I had given up all hopes of having her cured. Truly yours, J. S. CARTER.

Lieutenant-Governor Holden's Card.

SAN FRANCISCO, April 6, 1870.

Having suffered nine or ten years with a throat and bronchial affection, I applied to Dr. Aborn, No. 22 Kearny Street, who has treated me for about two months. I feel it my duty to state, for the benefit of those afflicted in the like manner, that I found immediate, and I think permanent relief from his treatment, and that I consider his treatment scientific, and that the doctor is master of his profession. WILLIAM HOLDEN.

From Hon. James A. Johnson, Member of Congress.

TO WHOM IT MAY CONCERN: Having been a sufferer from catarrh and a severe bronchial affection for more than seven years, and having found great relief by submitting myself to Dr. Aborn's treatment a few days only, I take pleasure in saying, Dr. Aborn, with his new and improved instruments for local application to the lungs, air passages, eyes and ears, should encourage all who are afflicted in those parts to cherish a lively hope that they may find quick and permanent relief.

Very truly, JAMES A. JOHNSON, M. C., Cal.

Card from William Hoskins, Notary Public, Oakland.

DR. ABORN: I take pleasure in bearing testimony to your skill and treatment for Catarrh and Bronchial affections, having suffered for months and wasted in flesh from incessant coughing, night and day. I now find myself cured as the result of your treatment, and I have gained thirty-three pounds in weight.

WM. HOSKINS,

Oakland, Sept. 3, 1870.

A Remarkable Cure.

SACRAMENTO, Cal., September 30, 1870.

This is to certify, that for ten years I have suffered almost death with Nasal Catarrh, Bronchitis and Neuralgia of the head. The pains in my head were almost unbearable. My hearing was very much impaired; with a disagreeable noise in my ears. My eyesight was also impaired. In May last, I placed myself under the treatment of Dr. Aborn, No. 22 Kearney Street, San Francisco, Cal., and in a short time the Bronchial affection was cured, my eyesight was fully restored, and my hearing improved. I take pleasure in bearing testimony to the skill of Dr. Aborn, in his successful treatment of these diseases. JOHN ALLISON,

Late Deputy Sheriff and Constable of Grass Valley Township, Nevada County, Cal.

A Positive Proof that Deafness and Discharges from the Ears can be Cured.

On the 22d of January last, I applied to Dr. Aborn, at 22 Kearney Street, San Francisco, and placed myself under his treatment for deafness and discharge from my left ear, that had baffled the ability of several physicians. Under Dr. Aborn's treatment I began to improve at once, and in six weeks time I was entirely well. I can now hear as well as I ever could, and the discharge is entirely cured, and have had no symptoms of a return on the disease since. As I am now satisfied that the cure is permanent, I cheerfully give this testimony to the skill of Dr. Aborn. JOHN SIMPSON,

Proprietor Sacramento *Union*, residence corner Ninth and I streets.

EASTERN DATES TO AUGUST 23.

BY ATLANTIC CABLE.

French Affairs.

VERSAILLES, August 22.—[2. court martial today members of the Paris Fire Department proposed positively that the Commune ordered the firing of public and private buildings and forbade their extinguishing the flames in Palais Royal.

The press to-day debates the proposed disbandment of the National Guard. Conservative journals advocate it and radicals oppose the step. Fears are expressed that its enforcement will meet with opposition in Lyons and elsewhere.

Catholic Congress to be Held at Munich.

PARIS, August 22.—Rentes 56 francs four centimes.

MUNICH, August 22.—A committee of conservative Catholics has invited the Catholics of Germany, Austria and Switzerland, to a Congress to be held here September 22d.

Miscellaneous European News.

HAMBURG, August 22.—The Emperor and Empress of Brazil arrived in this city to-day.

ST. PETERSBURG, August 22.—The Czar has issued an Imperial ukase permanently abolishing privileges formerly extended to German subjects in Russia.

DUBLIN, August 21.—As a band of music was passing through the streets of Limerick to-day, followed by a large crowd, a signal was given on which the mob commenced stoning the police, who were watching the proceedings. The latter immediately rushed in on the assailants, and after some hard fighting, succeeded in dispersing them. Several persons injured, were taken to the hospital.

EASTERN STATES.

The Cretan Affair.

NEW YORK, August 22.—Full details of the second battle between Admiral Rogers' fleet and Coreans, together with a list of officers engaged, have been received. It seems that 600 Americans defeated 6,000 barbarians. The Navy Department is in receipt of dispatches from the Admiral which will be given to the public to-morrow.

The latest Anglo-Chinese newspapers contain a startling rumor that the *Colorado* and another man-of-war had run aground and been captured by Coreans and all on board massacred, with the exception of Minister Low, who was retained as a hostage. There is no confirmation of this alarming intelligence from official sources.

Special correspondents describe the affair on the 11th as a brilliant victory. More than 250 guns were destroyed and fifty flags taken, while at least 1,000 Coreans were killed or drowned. A Shanghae correspondent writes that it is hoped here that the American Government will send reinforcements so as to enable the Admiral to carry out the programme of the expedition to the end. Unless something is done soon, Americans will lose greatly in estimation by both Chinese and Japanese.

The *Evening Post* condemns the war on Corea; says it hopes this is the last time Government will attempt to do diplomatic work in the East at the cannon's mouth, and the last time over Christian civilization shall appear in arms before heathens and barbarians to extort from them a grant which they have a right to withhold.

New York News.

NEW YORK, August 22.—The steamer *Wyoming*, hence for Providence, R. I., struck a rock, nine miles off the coast, having the appearance of being blown up by powder or steam. No particulars yet, except that the crew are safe.

The Quarantine Commissioner has appropriated $25,000 for the erection of extra buildings for the reception of 1,000 persons coming from cholera ports.

Great Success of the U. S. Loan.

NEW YORK, Aug. 22.—The last advices received here are to the effect that subscriptions to the new loan in Europe largely exceed the allotment, and its probable heavy drafts will be made through upon fifty millions placed on the market in this country. Unless the National Banks of this country secure all necessary for their own convenience to-morrow, the loan will be exhausted.

A Vessel Lost.

WASHINGTON, Aug. 22.—Admiral Lamman, commanding the South Atlantic fleet, reports that the English steamer *Myco*, Capt. Braher, bound to England, arrived at Bahia, July 26th from Montevideo, July 10th, having on board, Captain George W. Leach, Master of the ship *Utopia*, from New York, who goes to Falmouth and thence to New York.

The Quarantine at New York.

NEW YORK, Aug. 22.—The quarantine is still the subject of comment in commercial circles. It is said Gov. Hoffman will be called on to restrain abuses by quarantine officials upon passengers and imported goods. Many leading merchants are talking of having their ships land at convenient ports in New Jersey, and transport their goods by rail to New York.

Naval Matters.

WASHINGTON, Aug. 22.—Orders were issued from the Navy Department to-day to put the U. S. steamer *Iroquois*, now at Philadelphia, in the Commission. She will sail from there to join the fleet in the West Indies.

Great Race at Saratoga.

SARATOGA, Aug. 22.—The great four mile race between Longfellow and Helmbold, comes off to-morrow. Betting is 4 to 1 on Longfellow.

CANADA.

The Boat Race at St. Johns.

ST. JOHNS, Aug. 22.—The crews finished training and are resting to-day. Both crews are in capital condition. A splendid race is anticipated. The city is crowded with visitors. There is very little betting, but odds are still in favor of the *Tyne* crew.

Dispatch from Halifax.

HALIFAX, Aug. 22.—The second *Tyne* crew are confident, and anticipate that the only contest will be between them and the *Newfoundland* crew. There are five entries for the single scull race, which excites almost as much attention as the four oared match.

Dispatch from Montreal.

MONTREAL, Aug. 22.—The Mayor has ordered stringent regulations in cleansing the streets in view of the approach of cholera.

Sixteen Leicester sheep, brought by William Watson of Umatilla from New Zealand, brought $3,200.

The new church edifice of the Cumberland Presbyterians at Salem, was dedicated last Sunday.

A. C. Daniels, an old citizen of Polk county, died suddenly on Tuesday morning of congestive chills.

A woman named Field was poisoned and robbed on Monday. We quote from the *Statesman*: Her son, a boy of 15 or 16 years, made the coffee she drank for breakfast, and which no one else partook of. W. S. Barker lives next door, and was called when she was taken ill. The boy made remarks during her sickness which indicate that he knew the cause of her illness. They said she had been poisoned and robbed. Mr. Barker suspected the boy of having the money and got it away from him. When Dr. Shelton announced symptoms of poison, the coffee pot was found for and found hidden away in the back yard, where her son had put it, having thrown the contents away. These are the circumstances, and they will be made the subject of judicial investigation in all probability.

Rev. Peter Cartwright, the veteran pioneer preacher, as well known for his wit as his piety, is confined to his room by illness, at Pleasant Plains, Ill., and is not expected to recover.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

BY ATLANTIC CABLE.

English Affairs.

LONDON, August 23.—A collision occurred last night on the Midland railway near Leicester. Many persons were injured.

A meeting in favor of the ballot was held at Birmingham last evening. Speeches were made and resolutions adopted condemning the actions of the House of Lords in rejecting the bill providing for ballot in elections.

A serious disturbance took place yesterday at Newcastle where the workmen are on a strike, and new hands are employed. Apprehensions are felt of riots.

The statement that Chester Fortescue will succeed Earl Spencer as viceroy of Ireland is authoritatively denied.

French Affairs.

VERSAILLES, August 23.—A prolongation of the power of Thiers as President of the Republic is now issued.

Another instalment of 300,000 francs indemnity has been paid to Germany.

At a meeting of the deputies of the left, a counter-bill was adopted for the disarmament of the National Guard. It is asserted that Thiers accepted the bill as a Government measure. It is thought that all parties in Paris will agree upon the gradual disarmament of the National Guard when the bill for reorganization of the army becomes a law.

The Great Boat Race.

ST. JOHNS, August 23.—The great scull for the championship of the world, came off this morning. The boats entered at 7.25 and led alternately for five minutes. At 7.33 the *St. John* was ahead. At 7.40 the *St. John* was the only crew rowing, the other crews having given above to consequence of Renforth being taken with a fit. The *St. John's* crew rowed over the course two miles of the race in forty minutes, and eleven seconds.

Later.—Renforth died an hour after the race.

CALIFORNIA.

Political Affairs in San Francisco.

SAN FRANCISCO, August 23.—Last night the Democratic Joint Convention held a stormy session and elected County Committees from the 4th, 5th, 6th and 8th wards; 6 to each ward.

The Independent Republican meeting endorsed the State ticket but repudiated the Legislative ticket as put up by Gorham and Billy Carr, and the Tax payers' municipal ticket as not Republican; adopted resolutions that a committee of 30 be appointed, two from each ward and twelve from the city and county at large, the said committee to be authorized to take such steps as will subserve the interests and promote the welfare of the Republican ticket; to act, make provisions for a new County Committee, place before the people straight Republican Legislative and municipal and judicial tickets pledged against local wrongs and that the committee have power to fill vacancies in its own body. The committee named contains a few prominent names. The meeting was addressed by Frank Pixley, John Wade, Swezey, A. J. Bryant, J. Howard and others.

After the adjournment, W. W. Stow and Bill Carr, who had been bitterly denounced by Pixley, followed the latter and A. J. Bryant to the Lick House saloon, where Stow presented a pistol at Pixley and demanded him to retract what he had said. Pixley refused, daring him to murder him. Meantime, Carr and Bryant were trying to get at each other with uplifted chairs. Frank Murphy induced Stow to put up his pistol and went to the bar to drink with him when they quarreled, Stowe again drawing his pistol and Murphy a bowie-knife. Friends interfered and they were separated before anyone was injured.

Miscellaneous San Francisco News.

SAN FRANCISCO, August 23.—Prof. Blake, late State Geologist, is stopping a few days at Oakland, and will return to New York early in September.

The Mechanics' Fair is proving a great success and may run a week or ten days longer than advertised.

Wm. Simpson, Edward Stable and Gen. Ed. H. Hopper, named as members of the straight out Republican nominating committee, decline to serve, and a number of others will do the same.

Passed west—Mrs. A. Hinman and children, Astoria; H. M. Cooper, Helena, Montana.

SAN FRANCISCO, August 23.—The Pixley-Stow imbroglio has been the talk of the town to-day, and much speculation as to who would back down, or if there would be a duel. As the last accounts Pixley had not left town and Stow had not challenged him.

The Democracy have a large meeting at Union Hall this evening, which is being addressed by Sunset Cox of Ohio and others.

Yellow Jacket has been dealt in heavily on the street and in the Board, to-day, fluctuating considerably. The sales at the afternoon Board foot up 2,165 shares.

At the Agricultural Park races to-day, the trot came off; the first entries were Black Swan, Copperhead, Coquette, Flora, Princess, Annax and Peanuts, for a purse of $1,000, mile heats, three in five. The first heat was won by Black Swan; time, 2:37½—Princess and Coquette, distanced. The second heat was won by Annax, in 2:34½—Copperhead distanced. Third heat was won by Black Swan, in 2:36½. Fourth heat was won by Black Swan, in 2:40.

The pacing race was between Defiance, Longfellow and Barney; mile heats, 3 in 5; purse, $500. First heat won by Defiance in 2:28, the time of Barney being distanced; second heat, Defiance, 2:20; third heat, Defiance, 2:27½. Betting on the trot was lively, but on the pacing match dull. The tournament did not amount to much.

During the Democratic Conference the committee completed a list of the new County Committee this evening. It is believed that this wing of the party, favoring Wallace for U. S. Senator, are in the majority on the committee.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, August 23.—Lieut. Sears, of the U. S. Engineer Corps, arrived yesterday to superintend the construction of the first section of the Wilmington breakwater, 3,667 feet in length, in the direction of Dead Man's Island. The contract is for $21,000, and to be finished March 1st, 1872.

Two horse thieves were caught and shot last week, between the Long Canyon road and Willow Springs on the Owens river road.

Lieut. Wheeler's party, consisting of 35 men, led by Hohn a well known guide, which left Independence some two weeks since for Death valley, was last heard from via Desert Springs, suffering for the want of water on the road. About the same time another officer and party left Indian Wells for the Colorado, and soon after Lieut. Lockwood left Desert Springs station, between Los Angeles and Owens valley, with 37 men. These parties are all under the command, and comprise part of Wheeler's exploring expedition. They will rendezvous at Callville, and proceed thence to Prescott, Arizona.

SONORA, August 23.—J. G. Burton, school teacher in Greenwood District, was arrested for cruelly whipping one of his pupils.

A large force of carpenters are engaged in erecting a large pavilion for the San Joaquin Agricultural Fair, to be held here next month.

A Young Men's Republican Club has been formed in this city with already about 200 members.

VISALIA, Aug. 22.—Hon. Newton Booth and Jos. G. Eastman are addressing the citizens of this city this evening. There is the largest Republican procession of the campaign in Visalia. At the close of the speaking, bonfires will be escorted to the Capital Hotel by the different Republican clubs. Quite a handsome private building was illuminated and displayed much taste. A salute of 61 guns was fired by the boys in blue, who feel jubilant.

SACRAMENTO, August 23.—The annual Methodist Episcopal Conference was commenced this morning. Bishop Janes presiding. About 100 ministers were present. The proceedings were opened with prayer, followed by partaking of the Sacrament of the Lord's Supper. The rest of the time was spent in organizing and arranging the order of business. This afternoon at a Cabinet meeting of the Bishops, the following officers, to serve the ensuing year, were elected: Secretary, Rev. H. B. Hemstead; First Assistant, Rev. G. Newton, of Sacramento; Second Assistant, Rev. A. J. Kynett, of Santa Clara; Statistical Secretary, Rev. J. W. Campbell.

Bishop Janes has issued a proclamation, offering a reward for the arrest and conviction of the murderer of [illegible] on the 16th inst., and the stage coach between the towns of Healdsburg and Cloverdale in Sonoma county, and murdered Thos. H. Denton; also to bar commissions of all Notary Public, W. E. Brown for Eldorado and Robert Porter for Humboldt.

Among the arrivals from the East to-day are Rev. Dr. Stevens, author of the History of Methodism, Rev. Dr. D. Curry, editor of the Christian Advocate, New York, and G. W. Plympton, Professor of Physical Science in the Polytechnic Institute of Brooklyn, for a tour through California. The two former gentlemen, by invitation, address the Missionary meeting to-night.

NEVADA.

VIRGINIA, August 23.—Yesterday, during a discussion between Capt Bovle and A. Glover, the latter drew a pistol and fired at the former, wounding a night watchman in the left hand of Capt. Boyle. There are conflicting reports as to the origin of the difficulty.

ARIZONA.

SAN DIEGO, August 23.—Advices from Tucson, dated August 15, say that Gov. Safford has appointed a board of appraisers to value the property of the Pinal and Mogalon mountains. The party are well armed and provisioned for two months. A number of California miners accompany the expedition.

It is reported that Lieut. Whitney, of Camp Grant, has received a telegram from the Secretary of War to call in

THURSDAY MORNING, AUGUST 24, 1871.

The Last Emporium.

One of the many ways of making a good thing, developed in these latter times, is to lay off a town, make a show of surveying for a railroad, and sell town lots at the "terminus" at highly remunerative prices. Such an enterprise now appears to be under way at the new metropolis called Columbia City, situated below us on the Columbia river. It is said that the site embraces fourteen thousand acres, which, if subdivided and sold, would yield a pretty sum of money. Even if the lots should bring no more than one hundred dollars apiece, the experiment would be highly successful. Those who have commenced this enterprise with speculation in their eyes, could well afford to spend a few thousand dollars in making a survey of an imaginary route for a suppositious railroad; for if people would only bite at it, the speculators could sell the lots at the "terminus" for a sufficient sum in the aggregate to set a number of poor fellows prizing speculators up as capitalists. But we do not think that people will invest with much enthusiasm in the new emporium. This sort of thing is getting a little monotonous. It is shrewdly suspected that the object is not to build a railroad at all, but simply to sell terminal lots, and that after the lots are disposed of the railroad will be heard of no more. It is a pretty well settled fact that railroads can't be built by any sort of magic, and that no Aladdin is equal to the job. But almost anybody can talk of building railroads. It is stated that corner lots at Columbia City are not going off with remarkable rapidity, which is a pretty good indication that the common mind, though somewhat addicted just now to speculation, is nevertheless also tempered by prudent caution.

Fugitives from Labor.

The other day a telegraph dispatch announced that a so-called "platform," promulgated by a so-called National Labor Convention at St. Louis, was a string of absurd ideas as were ever put forth in an age quite sufficient to bring the workingmen's movement, so-called, into utter contempt. When an aggregation of capital for any purpose is stigmatized as an "odious monopoly" which ought to be broken down; when it is asserted that there ought to be an equal distribution of wealth among the people; when the practice of charging interest on money lent is condemned; when these and other similar absurdities are put forward as a workingman's creed, the movement loses all respect and sensible people begin to think that demagogues who want to live without work are at the bottom of it.

Another Convention of the same kind is to be held at Columbus, Ohio, on the 18th October. No doubt there will then take place another great debate on the dogmas which these pestilent demagogues who call themselves workingmen, but who are trying to get along in the world on shams and pretenses, without work, are trying to inculcate. Another platform of the same sort will be forthcoming, and shrewd politicians will take in a sympathizing way to those who are so "unfortunate" and so "oppressed" as to be forced to infinite the fundamental condition of human existence—that is, to work. In Oregon, a year or two ago, we had a good deal of this ridiculous nonsense, but fortunately we are now reasonably free from it.

A double instance of the fugitive case of the narrow gauge railroad is observed in the case of the road recently put in operation to connect some important iron mines in Missouri with the Atlantic and Pacific railroad. The company have already been figuring up the saving of capital which it promises to ensure. The track is 36 inches wide. The cars are built entirely of iron; the sides of the bed being 1-4 inch, and the bottom (doors) 3-8 inch iron. The cars are about 5 feet long, and 3 1-2 feet wide, and cost in St. Louis $155 each. One of these cars, weighing 1,440 pounds, carries 2 1-12 gross tons of ore; four cars, weighing 5,760 pounds, will easily carry 10 gross tons; hence there is, three times the amount of dead weight in a large car to carry the same freight as one of narrow gauge. This is an important fact, and will tell in the operation of the roads.

The San Francisco *Call* notes the fact that the practical superiority of propellers over paddle-wheel steamers for ocean service, in point of economy, is strikingly shown in the case of the English steamer *Syria*. This was originally a paddle-wheel vessel, but has lately been changed into a screw. The *Syria* was registered originally at 1,098 tons, with engines of 450 nominal horse-power, and steamed at the rate of 13.038 knots per hour, requiring a consumption of 45 tons of coal a day. The *Syria*, after having been converted into a screw, and fitted with compound inverted engines of 300 nominal horse-power, now carries 18 tons of coal a day, and steams at the rate of 12.637 knots an hour thus exhibiting only a slight falling off in her speed. At the same time the carrying capacity of the vessel was greatly enlarged.

Says the New York *Times*: "If the Presidential election were to be held next fall, all experienced Democrats would be obliged to acknowledge that their party was doomed to failure. The chapter of accidents, upon which they are obliged to hang most of their hopes, has turned up nothing in their favor. They have not been able to devise any policy which is likely to be of service to them in a contest for power. The writers hammer away necessarily at the Ku Klux bill, for want of something else to talk about, but the public see that the Ku Klux bill was intended to suppress mob law—and when they remember how nearly the first city in the Union was being surrendered to the mob by the Democrats, they will not be disposed to condemn the firm course taken by the Republican party."

An impudent New York taxpayer, who unreasonably objects to being robbed by the Democratic gang who control that city, writes a letter to a New York paper in which he inquires whether the accession of "Boss" Tweed to immense wealth within the last six years—amounting to fifteen or twenty million dollars—is not sufficient to account for a considerable portion of the unprecedented increase of the city debt during the same time? A question which suggests its own answer.

According to cable reports there is much agitation among the Catholics of Germany, growing out of the dogmatic definition of the infallibility of the Pope. The agitation threatens a very serious schism. It is said that Bismarck, following his usual deep policy, favors those who oppose the dogma. There are indications that forces are in operation which may effect a permanent division of Church and State throughout Europe.

"Preparing for Peace."

They who supposed that the overthrow of the military power of France would lead to a disbandment or reduction of the great standing armies of Europe must now confess themselves mistaken. Recent advices show that Germany, Austria and Russia are arming more extensively than ever. We quote the following review of the general situation:

Prussia came out of the war with a regular army of about 600,000 men, exclusive of the landwehr, whom the exigency had called to arms. She immediately seeks peace by raising this force to 800,000, and, by a thorough reorganizing, reofficering and providing with new and approved weapons, increases military power by perhaps fifty per cent. In addition thereto, the Government is straining its vast resources for the speedy production of a powerful navy. Three turret ships, seven corvettes and numerous smaller crafts, are on the docks, which, in addition to the captured French navy, is a force that may well make England a little uneasy—and, moreover, each boat, however small, is provided with detailed drawings and sections of every foreign war ship, with the weak points specially stated, and directions as to where shots will be most likely to disable the machinery. That is to say, Germany prepares for peace.

Austria has an active and well drilled army of 650,000 men, and the Emperor having triumphed in sustaining his Ministry, is turning his whole attention to strengthening his military power by every means known to modern warfare. That is, Austria is preparing for peace.

Russia, at the close of the late war had a standing army of 700,000, and thereupon proceeded to double her artillery and organize an extra force of cavalry, thus swelling the list to fully 1,200,000. Moreover, both on the Black Sea and in the North, navy yards are springing up like magic, harbors being fortified and iron vessels built with amazing rapidity. That is, Russia is preparing for peace.

This charming condition of affairs is quite suggestive. We might continue by noting the like efforts of England, Turkey, Italy, France, and even little Switzerland, but we have sufficiently established our point, and trust that every reader of the day will believe most implicitly that all Europe is "preparing for peace."

Any one who wishes to see how powerful a political satire can be given in a cartoon, should buy *Harper's Weekly* of the 19th August. Nast's pencil there represents the Tammany Ring, with Tweed at the head, answering, "Who stole the people's money?" Each member of the gang points to his neighbor at his elbow as the thief. Hall points to Connolly; Connolly points to Sweeney; Sweeney points to Tweed; Tweed points to some of the inferior agents of the Ring, who in turn point to Hall, thus making the circle complete. The sketch is remarkably clever, and has rarely been equalled.

The official returns of commerce to the Treasury Department, show that the value of domestic exports at the ten principal ports of the United States, viz. New York, New Orleans, San Francisco, Savannah, Mobile, Philadelphia, Galveston, Baltimore, Boston, and Charleston, during the fiscal year of 1870 was $456,114,502. That will do pretty well for a nation whose protective policy, as we are told by Democratic free trade organs, has shut the markets of the world against its products and destroyed its commerce.

The magnificent success of the new loan is another striking achievement that adds strength to the present Republican national administration. So large a portion of the debt funded at a reduced rate of interest—what could be better? As things now go the opposition will have nothing whatever to go into the next campaign with.

THE TERRITORIES.

Horace Brown is going to Seattle to edit the *Dispatch*.

The Washington Territory Insane Asylum has twenty-two inmates.

Crops in Boise valley are short. The yield will not exceed half the average.

W. H. Wallace, Philip Keech and W. P. Dougherty have been appointed by Gov. Salomon as Inspectors of the W. T. Insane Asylum.

The body of a German named Koch was found near Boise City a few days ago. He had been denied admission into the hospital some weeks before, and it is supposed that he shot himself.

In Boise valley cattle are becoming blind. One farmer the other day found eleven animals in this condition. The disease, it is said, exists also in Grand Ronde valley in this State and is spreading.

A Monarch's Thoughts.

WHAT FREDERICK THE GREAT WROTE CONCERNING PAPAL INFALLIBILITY AND THE FRENCH NATION.

A collection of passages from the works of Frederick the Great, apropos of current events, has just been published at Wirzburg. The following arguments bear a striking resemblance to those which are now generally advanced against the doctrines of Papal infallibility and the temporal power:

"How can we believe in the infallibility of those who profess to be the vicegerents of Christ? * * * Were Popes banishing each other and withdrawing the pretensions they have put forward, ecclesiastical councils altering the dogmas of former councils under the pretence of explaining them. The inference is clear; either one or the other must have erred. * * * One may be a good Catholic and yet deprive the vicegerent of God of his earthly possessions, which draw him away too much from his spiritual duties, and even frequently place his soul's salvation in danger. * * * His remarks on the French nation are equally telling. "These people," he says, "despise to-day what they admired yesterday. * * * The secret of obtaining applause in France is to be a novelty. To please the French it is necessary to give them a new King every two years. * * * The French nation is the most inconsistent in Europe. It has much wit, but no right sequence of ideas. The leading characteristic of the German people is not that amiable vivacity which we see in the French; but, on the other hand, we are known for our common sense, frankness, and truthfulness."

THE PRESIDENT'S REPLY TO EARL DALKEITH.—The President sent the following from Long Branch, August 10th to Earl Dalkeith, presiding officer of the Scott centennial celebration, Edinburgh:

RIGHT HON. EARL DALKEITH, EDINBURGH: Owing to absence from home, I did not receive your congratulations and expressions of friendship for the American people in time to send a reply to be read at the centennial celebration of that eminent scholar and historian whose birth you commemorate. The American people who have been instructed and edified by Sir Walter Scott's works—history, poetry and fiction—will highly appreciate your cordial expressions of friendship, and reciprocate them all sincerely.

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LOBERG—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder caused me a great deal and a large bony swelling grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and the bony growth has entirely disappeared and I use my limbs and am far better than I have been for years.

PATENTED

PETROLEUM FLUID

Perfectly FREE from the Danger of Explosion.

THIS FLUID, AFTER YEARS OF PATIENT EXperiment, and the expenditure of over one hundred and fifty thousand dollars, has been produced by R. F. DANFORTH, of Cleveland, Ohio, and hereby announced with perfect success.

IT CANNOT BE EXPLODED in a lamp, or in any way, or by any known test.

IT IS FREE FROM GUM AND FILTH, and will not injure the finest fabric.

IT IS FREE FROM ALL DISAGREEABLE ODOR, and in this respect is preferable for a night lamp.

It gives a purer, more brilliant, and at the same time a softer light than any oil or fluid in use, and is fully equal to gas light.

IT DOES NOT SMOKE THE CHIMNEY in the least.

A gallon of it will burn as long with the same height of blaze as Kerosene.

It is more easily extinguished when ignited than Kerosene.

It is strictly pure, containing no mixtures or chemicals, burns in an ordinary Kerosene lamp, with simply shortening the burner, with or without a chimney.

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Orchora Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS!

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS!

For all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS!

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS.

A wine glassful taken half an hour before breakfast, dinner or supper, will quicken the flow of the gastric juice, and thereby provoke hunger.

PLANTATION BITTERS.

"By its use I dispose of three good square meals per day, with a good relish, have no pains and have gained sixteen pounds in eight weeks; sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from unsatisfactory condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

"Well, they cured me of every distressing symptom in ten weeks and you had better follow my example.

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek.—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without out.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words."

PLANTATION BITTERS

Will restore the vital energy, expel indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject! It gives them a splendid appetite, and they eat like pigs."

PLANTATION BITTERS

"My advice of my physician, soon after my baby was born I commenced taking them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS. Tubbs & Patten, of the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation assures its being kept in first class style, while in order to keep pace with the times he intends to make important reductions in the rents of chargers. His intention is to make it a family and business house. While his large connection with the traveling public, warrants him in expecting a large amount of country, Pacific Coast and Eastern patronage. The prices will range from two to three dollars a day for ordinary accommodation. Board by the week or month as per contract. The Table will be kept on the most liberal scale and many improvements introduced. The spacious reading room is the finest of the kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. The house will be thoroughly overhauled. H. PEARSON assumes proprietorship this day, August 1st.

FIRE IN THE WOODS.—The fire which has been raging in the woods east of the river for some time, came near destroying considerable property yesterday. Several houses standing in the edge of the timber east of the depot, narrowly escaped destruction. They were saved by the most vigorous efforts of a number of men, who volunteered and fought the fire for several hours, and finally succeeded in driving it back. Some fencing, however, was consumed. In the afternoon the fire commenced to make rapid progress through the heavy timber towards the new bridge in Holladay's addition. Mr. Weidler immediately sent a large force of men to fight back the flames, if possible, and save the bridge. It was soon discovered that, aided by a light breeze, nothing could be done towards extinguishing the fire. Chief Engineer Holman was requested to bring to the rescue one or more engines with all possible speed. Engine No. 4 was over the river in a short time, and on its way to the scene. Before it reached the bridge, fortunately, the wind suddenly changed to an unexpected quarter and drove the flames in another direction. There is no security yet for property, for any time, as the fire still rages fiercely in the timber and consumes everything whether green or dry. A number of men are stationed to watch the fire and give timely notice should it advance towards either the bridge or houses. The origin of this fire is not known, but certainly at this season of the year, when vegetation is dry as tinder, no one should set fire to brush or other combustible material where there exists the slightest possibility of its communicating to timber and undergrowth. Nearly every year some one is made the sufferer by such culpable thoughtlessness or wilful neglect.

MR. STEPHEN MARKET.—In a copy of the OREGONIAN of August 10th, 1856, we find the following editorial notice, of Col. Pipes' entertainment:

"The first concert of this gentleman in Oregon called together the largest and most fashionable audience we have yet seen in our Territory, in the new hall of Keith's Metropolitan Hotel—which is rapidly to overlowing, very soon after the doors were opened, the ladies turning out in large numbers. The varied, amusing, and interesting 'collection of melodrids' was listened to with the best attention, and the comic portions, and imitation of different persons, convulsed the audience with laughter. The ballads of the 'Old Arm Chair,' 'Setting on the Stile, Mary,' and 'I Remember, I Remember,' were most beautifully sung, and carried us back to our boyhood days. William Cullen Bryant's exquisite gem, "Thanatopsis," in which the poet ministers to our own land; "In the confusions world, where rolls the Oregon," was recited by Mr. Pipes with very great effect, and made quite a sensation. Col. Pipes has certainly the faculty of enchanting his auditory, and his power of fascination, whether in his recitations or by his admirable ballad singing, is certainly very great. He has made a "hit" with our people, and will always find a hearty welcome here."

This gentleman, after journeying fifteen years "all round the world," is with us once again, and on Tuesday evening spent his budget of entertainment, song, and fun, at the Ore Fino Theatre.

Nearly every year some one is made the sufferer by such culpable thoughtlessness or wilful neglect.

MR. STEPHEN MASSETT.—In a copy of the OREGONIAN of August 10th, 1856, we find the following editorial notice, of Col. Pipes' entertainment:

"The first concert of this gentleman in Oregon, called together the largest and most fashionable audience we have yet seen in our Territory. The new hall of Keith's Metropolitan Hotel was filled to overflowing; very soon after the doors were opened, the ladies turning out in large numbers. "William Cullen Bryant's exquisite gem, "Thanatopsis," in which the poet refers to our own land, "In the continuous woods, where rolls the Oregon," was recited by Mr. Massett with very great effect, and made quite a sensation. Col. Pipes has certainly the faculty of enchanting his auditory, and his powers of fascination, whether in his recitations or by his admiral ballad singing, is certainly very great. He has made a "hit" with our people, and will always find a hearty welcome here."

This gentleman, after journeying fifteen years "all round the world," is with us once again, and on Tuesday evening opens his budget of sentiment, song, and fun, at the Oro Fino Theater.

PLENTY OF PRECIOUS ORE.—The San Francisco *Commercial Herald* contains the following account of the precious metal on daily exhibition at the Mechanics' Institute. Persons who talk incessantly about the great scarcity of gold which prevails now, will learn that there is plenty of gold which "lingers still." The *Herald* says: Among the curious and interesting things on exhibition at the Fair is a pyramid block, brought from and representing the gold product of the Thames gold field, New Zealand—$1,524,128, and opposite thereto an immense square block or cube, representing the annual gold product of California, said to be $54,000,000, and the total for twenty-two years, $1,200,000,000. The pyramid of gold from New Zealand is nine feet high, and the California block covers a surface of 149 cubic feet.

ENCOUNTERED A STORM.—The steamer *Constantine*, encountered a severe gale off Cape Mendocino, on her last passage to this port. On Friday afternoon, after the Cape had been passed, the storm came up in all its fury. From that time until Sunday afternoon the gale was terrific, so that the vessel had gained but about 143 miles. During this time she was hove to nearly the whole of the time, as it was impossible to proceed further. The steamer was in at Port Orford, where she was detained for twelve hours, until the storm abated. The steamship *John L. Stephens* barely escaped the gale by being in advance of the *Constantine*. The storm accounts for the detention of this vessel.

OPENING OF PARK STREET.—We learn that the Committee on Streets and Public Property have pretty thoroughly canvassed the cost of opening Park street through the whole length, by the purchase of the blocks and the widening of the street through the Raleigh Addition. Propositions were made by nearly all the holders of property, and it is estimated that the cost of purchasing the blocks, etc., will be about $110,000. Some of the owners valued their property at very high figures, while others offered at reasonable figures.

BELLIGERENT FEMALES.—A lively fight occurred between two muscular females yesterday at the corner of Second and Madison streets. The difficulty sprang from a disputed possession of a house key. Scarcely had the combatants been separated by bystanders, before two small boys who were interested parties in the contest, "went for each other," and succeeded pretty well in mutilating their respective "mugs," before the combat was stopped by the intervention of the police.

FOR ALCATRAZ.—Two soldiers belonging to Companies C and D, were brought from Vancouver yesterday morning on the steamer *Vancouver*, in custody of the Provost guard. Both have been court martialed, and sentenced to close confinement at Alcatraz for one year, and to receive a dishonorable discharge at the expiration of the term. One was charged with desertion, and the other an assault with intent to kill. They will be taken below on the *John L. Stephens*.

"JESSE PIPES."—This eccentric and humorous genius will afford the public an opportunity of listening to one of his entertainments on next Tuesday evening. Mr. Massett enjoys the reputation, so says the press, of being a most interesting intellectual juggler, and never fails to please his audiences by his racy stories, sparkling wit, and many "good hits." He will without question attract a full house wherever he may speak.

UNDER BONDS.—On the charge of Miss Ursula Pierce, Robert Hayward was arrested on Tuesday last. The young lady alleges that the defendant seduced her under promise of marriage. Hayward was held, by Justice Moreland, to appear for an examination on next Monday morning, in the sum of $500.

DERRICK BROKE.—The derrick used at the lumbering mill of Messrs. Hogue & Abrams to hoist lumber and heavy sawn timber, gave way yesterday. Two men employed in raising a heavy piece of timber very narrowly escaped being crushed to death. They fortunately escaped unhurt.

GONE EAST.—A few days since Dr. A. M. Lorgus started East by rail from San Francisco. He goes to New York to superintend the publication of his "Hand-Book" on Oregon. Several of the sketches contained in the book have been published from time to time in the *Era*.

MISTAKE IN TIME.—"Figures won't lie," but typos sometimes do. The item in regard to the time made by the *John L. Stephens*, on her last trip, was in error. Instead of 59 hours, it was 69 hours. A substantial difference.

MORE FORCE.—A large force of men will be added in a few days to those already engaged on the west side railroad. It is the intention to add a sufficient force to complete the first section by the 1st of November next.

THE CONSTANTINE.—This vessel reached port in safety yesterday morning, at 1:30. She brought a full cargo and passenger list. She will sail on Friday for San Francisco.

ILL AT BOISE CITY.—On the authority of a letter received in this city, it is stated that Miss Minnie Pixley, the well known actress, is lying seriously ill at Boise City.

COUNTY JAIL.—This receptacle now contains 18 criminals. Six of this number are held to answer before the Grand Jury, on charges of assault and battery and larceny.

FROM HARRISBURG.—Hon. Hiram Smith, of Harrisburg, called at our Sanctum yesterday. He came down on business, and returned home by the afternoon train.

COMMON COUNCIL.

Common Council met last evening at the usual hour, Mayor Wasserman in the Chair.

Councilmen present—Ellis, Burton, Caywood, Combs, Hallock and Hill.

Minutes of previous meeting read and approved.

PETITIONS.

Building permits were granted W. S. Kearn and J. P. Dort.

A petition from A. Arpon and others, to have a lamp erected on the corner of Eighth and F streets was referred to the Committee on Streets and Public Property.

A communication from Dr. I. A. Davenport, was read, in which objections were made to the improvement of Second street, as the embankment would be carried away by rains, and the assessment for repairs would be equal almost to a confiscation of the property. The communication was referred to the Committee on Streets and Public Property.

REPORTS.

The Committee on Streets and Public Property reported favorable to the adoption of the report of the Viewers on the extension of Salmon street. Report adopted.

The Chief Engineer reported that a new rope was required for the truck of the Hook & Ladder Co. Referred to the Committee on Fire and Water.

CLAIMS.

The following bills were ordered paid: Himes & Dechelder, $30 50; A. G. Walling, $92; S. Peterson & Co., $51 60; H. L. Pittock, $15 70; C. Hoffman, $5; C. H. Myers, $20 55; C. E. Smith, $25 78; A. Stevens, $15; No. 4 was over the river in a short time and on its way to the scene. Before it reached the bridge, fortunately, the wind suddenly changed to an unexpected quarter and drove the flames in another direction. There is no security yet for property, for any time, as the fire still rages back in the timber and consumes everything whether green or dry. A number of men are stationed to watch the fire and give timely notice should it advance towards either the bridge or houses. The origin of this fire is not known, but certainly, at this season of the year, when vegetation is dry as tinder, no one should set fire to brush or any combustible material where there exists the slightest possibility of its communicating with timber and undergrowth. Nearly every year some one is made the sufferer by such culpable thoughtlessness or wilful neglect.

ORDINANCES.

The following ordinances were introduced by the Committee on Streets and Public Property:

To provide for the improvement of Yamhill street between Seventh and Twelfth streets. Passed.

To extend the time for the completion of the improvements of North Ninth street until the 1st of October. Passed.

To extend the time for the improvement of North Eighth street. Passed.

Adopting the report of the Viewers on the extension of Main street, and directing to whom damages shall be paid. Laid over.

The Committee on Fire and Water reported an ordinance making an appropriation out of the general fund to defray the expenses of the anniversary celebration of the Fire Department. Passed.

An ordinance, introduced by Councilman Hallock, authorizing the purchase by the city of such lands as may be for sale by the Chief of Police, was laid over.

ENGROSSED ORDINANCES.

An ordinance, adopting the report of the City Surveyor in the matter of the extension of Eleventh street, was passed.

An ordinance, to improve Lincoln street between South Front and Fourth streets, was passed.

An ordinance, to improve South Second street between Sherman and Sheridan streets, was passed.

RESOLUTIONS.

Two resolutions, introduced by the Committee on Streets and Public Property, that notice be given of the proposed change of grade on Hall street and that notice be given of the improvement of Columbia street from Water street to Second street, were adopted.

The Council then adjourned.

RESOLUTIONS OF THANKS.

The following complimentary resolutions were passed by the passengers on board the *Constantine* on her last trip to this port:

We, the passengers on board the steamer *Constantine*, bound from San Francisco to Portland, entertaining a high regard and appreciation of the kind, courteous and gentlemanly treatment bestowed upon us by our gallant Capt. Chas. Thorn and the officers and crew of the same steamer, deem it not only a bounden duty, but esteem it a privilege as well, to manifest the same to the world; and therefore be it

Resolved, That we tender the officers and crew of the steamer *Constantine* our heartfelt thanks and gratitude for the uniform courtesy and kindness we have received at their hands; and we commend them and their gallant ship to the traveling public generally, and hope that they may receive that patronage which only should be bestowed upon gentlemen and officers of skill and experience.

Resolved, That the foregoing be published in the Portland and San Francisco papers.

(signed) CAPT. J. F. PIKE,
T. W. MONTEITH,
P. J. BLANKENEY,
Committee, &c.

DEEDS FILED FOR RECORD.

WEDNESDAY, August 23, 1871.

Stephen Herni to Sarah J. Prichard, lot 1, in block 18, East Portland, warranty deed; consideration, $450.

John W. Clayton to H. M. Bell, lots 1, 2, 3, 4, 5 and 6, in block 20; consideration, $900.

John P. Mattingly to Anna L. Dougherty, lots 5 and 8, in block 99, Couch's Addition, warranty deed; consideration, $2,200.

Lowndale Heirs to H. W. Corbett, L. H. Wakefield and John Connor, lots 1 and 2, in block 252, partition deed.

Isaac B. Smith to B. P. Carswell, a piece of land situated in section 18, township 1 south, range 1 east, quitclaim deed; consideration, $25.

L. B. Milner to Samuel M. Smith and T. A. Davis, south half of lot 1, in block 89, and south half of lot 8, in block 39, quitclaim deed; consideration, $2,550.

AMUSEMENTS.

CIRCUS.—A fair house greeted the re-appearance of Jeal & Co's circus last evening, at the pavilion corner Fifth and Morrison streets. The performance was very creditable. The equestrianship was above the average, and the vaulting and posturing could not be surpassed. The troupe will give a farewell performance this evening.

SKATING RINK.—This place of amusement will be open as usual this evening, when a band of music will be in attendance.

PANORAMA.—Barker's mammoth panorama will exhibit at Oro Fino Theater to-morrow evening.

BUSINESS NOTICES.

NON-EXPLOSIVE LAMP.—We were called upon a few days ago to witness some experiments made by Mr. E. C. Headrick, at No. 129 First street, with Danforth's non-explosive fluid. Our surprise could be imagined at seeing an open lamp ignited at the top and a stream of the fluid poured into the lamp while burning. The fluid is as non-explosive as water and gives out a steady, brilliant light. It burns freely and creates neither smoke nor smell.

COURT MARTIALING.—We learn there are 35 soldiers in confinement at the barracks in Vancouver, awaiting the result of a court martial, which is in session there. They belong to Companies C, D, F and I. The most of the charges preferred are generally disobedience to orders, desertion and drunkenness. Some, or most of the accused, will be likely to serve out terms of confinement at Alcatraz.

FOR WARM SPRINGS RESERVATION.—Wm. R. Dunbar, Esq., gave us a call on Tuesday evening. Mr. Dunbar has been employed as teacher on the Grand Ronde Indian Reservation, in Yamhill county for the last year. He has been transferred to the Warm Springs, where he will continue to act in the same capacity. He started for the Reservation on yesterday morning.

STABBING AFFRAY.—A stabbing affray occurred at Harrisburg a few days since. The parties were examined before a Justice of the Peace and discharged. Neither party was seriously injured. Our informant is a gentleman just from that place.

TAKEN TO THE ASYLUM.—Jackson Stocker, a resident of Linn county, was brought down in custody of Sheriff Irving on Thursday. He was taken to the Insane Asylum, having been adjudged demented by the authorities of his county.

NEW MATERIAL.—A lot of new material came up on the *Constantine* for the Albany *Register*. This will account for the contemplated enlargement of that sheet.

PERFORMANCE AT VANCOUVER.—Joel and Co.'s circus gave a performance at Vancouver on last Tuesday evening. The exhibition was well attended.

ADMITTED.—In the United States District Court, on Tuesday, Wm. Maggie, a native of "Merry Old England," was admitted to citizenship.

TO CARPENTERS AND BUILDERS.—G. L. Ribbard & Co., have on hand and for sale at very reasonable prices, a large lot of Doors, Blinds and Windows of the best quality. They also have a fine lot of Machine Oils, Wagon Timber, Flour and Family Groceries. Persons wishing the above articles will do well to give them a call, corner of Alder and Front streets.

Neglected Coughs and Colds. — Few are aware of the importance of checking a Cough or "Common Cold," in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon preys upon the Lungs. "*Brown's Bronchial Troches*" or Cough Lozenges afford instant relief.

Owing to the good reputation and popularity of the Troches, many *worthless and Cheap imitations are offered, which are good for nothing*. Be sure to obtain the true "*Brown's Bronchial Troches*." Sold everywhere.

SCHOOL OPENING.—Mrs. Mary Simmons' Private School, corner Third and Main streets, will open Monday, 21st inst. Pupils will be taken during the term.

Forty years' experience have tested the virtues of DR. WISTAR'S BALSAM OF WILD CHERRY, and the result is that it is the best remedy extant for pulmonary and lung diseases; embracing the whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have died and made no sign.

Vichy Waters are endorsed in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Feludal Cachexia, Albuminuria, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetes, etc. For sale at H. The public don't know and don't care.

Papers have been seized at Marseilles relating to the purpose of the Internationals to fire the docks, burn the shipping, and to take the city during the confusion which was supposed to be the consequence of the conflagrations. Nasby and Bourges were to be fired and taken on the same plan.

Ypsilon, Alaska, continues the oldest Mason, in the person of a Russian, aged 115, over, who claims to have received the Master Mason's degree at the age of 18, by special dispensation in a lodge on the frontier of Persia, more than ninety-seven years ago. The aged gentleman is quite feeble, but visitors say he still retains a thorough knowledge of Masonic work.

The Republican papers out West are indulging in all sorts of jokes about the Democratic "new departure." One of them illustrates the policy by the anecdote of a boy and a woodchuck. The boy was observed watching for a woodchuck to come out of his hole. "Do you suppose you can catch him?" said a passer-by. "Catch him?" said the boy, contemptuously, "I've got to catch him, stranger; we're out of meat."

Dr. Pastel, a German naturalist, attributes the cold weather in Europe, during the late spring, to the frequency of the auroræ boreales and spots on the sun. He says that the same kind of weather, and a frequent occurrence of those phenomena, were observed in 1828, 1849, and 1860, in terms therefore, of eleven years, and prophesies a comparatively cool summer and fall for Europe.

FINANCE AND COMMERCE.

WEDNESDAY EVENING, August 22, 1871.

Gold in New York, 112¾.

Currency, buying, 88½c; selling, 89½.

The steamer *Constantine*, from San Francisco, with cargo of assorted merchandise and passengers, arrived this morning. She sails on Friday morning at 9 o'clock for San Francisco.

Since the bark *Almonia* dropped down to Springville to take in 100 tons of wheat for San Francisco, he Captain received a telegram to load with coke.

Messrs. Jobson & Rhodes have written to England to their agents to charter a vessel to load with cargo of assorted merchandise for this port.

The *Commercial Herald*, of San Francisco says that since the commencement of the harvest your four vessels have been dispatched to United Kingdom with wheat, viz:

	Centals.	Value.
Woonsung, July 18th	21,117	$45,190
Romeo, August 6th	26,945	47,722
John Bright, August 9th	31,709	63,000
Bonne Carlin, August 11th	29,498	60,000
Total	109,329	$248,852

Against 15 vessels in 1870, with 435,870 912,734

The following vessels are now on the berth: *Alhambra*, 1,185 tons; *Clock*, 736 tons; *Lady Adams*, 1,000 tons; *Loch Ure*, 775 tons; *North East*, 997 tons; *Moresman*, 618; *Rokeby Hall*, 1,044 tons.

By mail advices from San Francisco we take the following: In the absence of free clearing of freight there have been few charters, and Oriental rates are low. The rates paid for charters to Liverpool were: to the bark *Loch Ure*, 75; to the bark *Morning Star*, 77½.

The shipping of the port of San Francisco is valued at $54,000,000, and the total for twenty-two years at $200,000,000.

The growth of trade between China, Japan and San Francisco has caused the Pacific Mail Steamship Company to inaugurate a semi-monthly line of steamers so as to accommodate the freight offering. The first Chinese steamer was to have taken on board of that month with a full cargo of teas (2,500 tons) for San Francisco. It is reported that the next steamer will be chartered to load full cargo of tea, and no doubt can be found that transcontinental railroad would be unable to profitably carry so much freight. The Pacific Railroad charged for New York 1½ cents of Good Hope. The last rumor is not credited. It is estimated that 50,000 tons of teas, silks, etc., await shipment for America from China and Japan. Nearly all of the shipments will be made by steamer to San Francisco, and will be landed at that terminus, making only the following point:

The prices of dry goods are indicated by transactions in cottons, the following are the quotations: Our letter mail advices from the East give us the following quotations for sales of the past week: Middlings are declared in this market 18¼ @ 18½c for September, 18 13-16 @ 19c; October, 18¾ @ 18¾; in November, 18¼ @ 18½; in December, 18 13-16 @ 18 15-16; January, 19¼. The estimated supply of cotton from Bombay and districts will fall short of 240,000 bales. The consumption on the continent and in the United States is greater than for two or three years past. The crop in India and the Southern States will be less this season than last. The cause of the short crops in the Southern States we have previously mentioned. The cause of the short crops in India is that the planters there found that to sell at the same rates as American planters, subjected them to losses, and in consequence they have planted less.

Merchandise Reports.

FLOUR—We note sales to-day in lots of extra at $6 per bbl, and superfine $5 @ $5 50 per bbl. The steamer *John J. Stephens* received considerable to-day for San Francisco.

WHEAT—Stated in our last evening's report, buyers at 87½c into 87½; have resolved, under advices, as from Portland, to hold for 90c, and refuse all offers under that figure. Sales to-day at 87½c. Prices in Portland are about 3 cents higher than here, and advices received to-day say that a falling market. A private dispatch received by Messrs. Ladd & Tilton, dated Portland, August 22d, says: "Wheat 87½c; receipts 1,000 bushels; shipping 30,000 bushels; market ruling low." We see that canned salmon from the Columbia river—owing to scarcity of cans, it is supposed—is in favor for export, the San Francisco market, for example, there at $2 per dozen and not a can to be had at $2 25 per.

FRENCH GOODS—Stock of Sardines in the San Francisco markets light, and prices hardening. Stock here is full, with no change to note. Castile soap is a shade off.

HARDWARE—We note an advance in the following in sympathy with advices East: rules, plumbs, levels, 50 per cent.; Barnabé nuts and screws 70c for 60; cast "Parkhurst" chains, mixed sizes, 12½ per cent.; strap and T hinges 12½ per cent.; stocks and dies 20 per cent.; chissels 25 per cent.; screws 33 per cent. With order to follow.

PAPER—We note that the Clackamas Manufacturing Company is gaining in favor in San Francisco, and sales are made at the highest market ruling there.

RICE—Shell advices from San Francisco state that A,000 mats China had changed hands at enhanced prices. We note sales to-day of 1,000 mats in one, and 500 mats in another ex *Garibaldi* on private terms. The market is very firm.

SUGAR—Bavarian is ruling at fully from ¼c higher.
